About bizporto...

We are a Local B2B Product search engine, connects Local buyers and sellers on a common platform to facilitate business relations between them. If you are a trader, dealer, manufacturer or service provider, bizporto is for you! For sellers, bizporto is a great platform to showcase their products, reach out thousands of buyers locally and get ready enquiries for their products. For buyers, bizporto offers one-stop solution to find exact products along with specifications and business details.

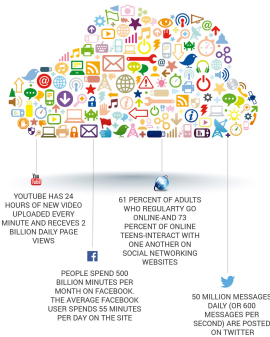

Why Us...?

The number of SMEs in the country is growing very rapidly and many of the new age SMEs are becoming internet savvy. The basic requirement for being able to do business online and grow it is website.

One of the primary reasons why MSME's prefer to go online and use online marketing mediums is because it helps companies in reaching out to masses at very competitive rates. Many MSME's in India have already start establishing significant online presence and improving their visibility through non-conventional sources of advertising.

Bizporto.com was formed to serve the small and medium organizations and has launched products that are specifically designed to meet the needs of SME players. Bizporto is a one click solution to all the above mentioned tasks in any company. It's simple, easy to install and the most cost effective way of managing business.

**What people
are saying!**

Mr. Ashok Yadav
simrancaterers.com

bizporto facilitated us with a very attractive, presentable and professional looking website, and that too in very affordable price. Along with the website they have given us the liberty to market our services online and have created our presence felt by listing our website in their B2B portal. Now, we get enquiries online. bizporto is helping us to grow our online presence and grow our business too.

Mr. Naran Kapadia
asiantradingcopune.com

Marketing all products at the same time while having to keep the expenses within budget is a huge task. bizporto.com's offering has relieved us from this pressure and now we are able to display our products online with just a click of a button. Submission of the products to online and web portals was never this easy. bizporto gets a Kudos from us for making our online marketing requirement so simple yet effective.
